NOTICE OF PUBLIC MEETINGS

Curb Ramps & Accessibility

CDOT invites the public, persons with disabilities, disabilities advocates, and those interested in accessibility to a public information session about our statewide approach to constructing and upgrading curb ramps to ensure accessibility.

CDOT's Transportation Commission recently approved \$85M in funding to bring all system curb ramps into compliance with both the Americans with Disabilities Act and the public right-of-way accessibility guidelines (PROWAG). We hope to reach this goal by 2022.
