

## How Can I Use My SNAP Benefits for Grocery Pick-Up or Delivery?

### Curbside pick-up using EBT

- Walmart allows this
  - Call and ask ahead of time to make sure.
- Call and check if retailers can swipe EBT cards at curbside pick-up.
  - We have heard that this is not available in many stores but keep asking!

### Authorize someone else to use your EBT card/benefits

- Authorization rules vary by county. Call your county human services office.
  - In Denver, people can call 720.944.4DHS to set up those permissions.

### RTD is offering grocery delivery to Access-a-Ride customers

- This likely is not an option for EBT customers, unfortunately.

### Colorado does not currently offer the use of EBT for delivered groceries.

- According to a 9News article, “Colorado” has reached out to ask to be part of the USDA pilot program which allows the use of EBT for delivered groceries.
  - No response as to if or when this might occur.
  - Contact your federal legislator if this is an issue for you.
